Akumendo enhances **AV-IT** integrated systems with a comprehensive framework of smart and dynamic **User Interfaces**…
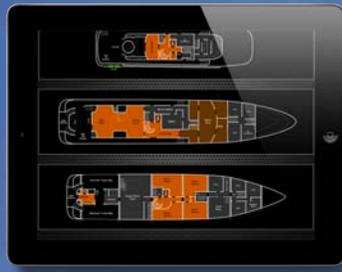

Akumendo, rather than re-inventing unjustifiably expensive proprietary products, is based on widely used standards and open technologies…

Our **Designers & Architects** added outstanding value by creation of an elegant and highly customizable **User Experience**…

Movies, Music, Photos, News, Infos, Services and advanced workflows, are now at your fingertip with simplicity and personality…

**Owner & Guests** enjoy a commanding access to media libraries, informations, room controls and video surveillance, for leisure or business…

**Crew & Staffs** have access to an easy to use yet powerful back office adapted to their specific workflow…
